Mo	10.01.2011	14:00 h	Chorprobe

Dear Mariko!

I beg you pardon not to have sent my answer to your last mail before. I thank you very much for your nice email of February 10th and the nice photos you enclosed to it. I took them at once and put them into our homepage at

[http://lotharmelching.de/homepage\\_chor/html/chronik\\_fotoalbum.htm](http://lotharmelching.de/homepage_chor/html/chronik_fotoalbum.htm)

Some of our own photos are scanned traditional photos and of limited definition. Some others were too dark and had to be computer finished. I shall put them together onto a CD and send them to you by ordinary mail, they would make too large files when attached to an email. I enclose some pictures of Melle in snow. You must know there is much snow herearound all the time, this is the longest winter we had for years.

As you can see there are some very nice photos of Japan Day, the concerts and sayonara party, but no ones of other events. I would like to have some of the visits to Kalkriese and to the Christmas Market to complete that slide show, for example a photo of Katoh-San wearing the suit of armour of an ancient roman soldier. And we are looking forward to the video made by Guenther.

I love to remember those happy days in December and thank you with all my heart for inviting the Meller Madrigalchor to come to Showa next year. We held our annual meeting on February 8th and I gave your invitation to the choir members. They all thank you as I do. But what is the answer? As you may imagine they felt a little bit overwhelmed in answering straight away. So we agreed to think it over until Eastern and then to see who is willing to take part in that journey.

We are now preparing our next three (!) concerts, a thirty years' jubilee in September, another Christmas concert in December and a performance of Haendel's Messiah next year.

From Melle with love

Lothar
